

Tips to

Succeed in College and University

MAKE THE GRADES

Your Transition and Academic Coach

Make the Transition

Students attend college or university with the best intentions of doing well. Transitioning can be challenging and most students need support to achieve the grades they want.

Discover your Learning Preference

Everyone process new information in different ways based on learning preferences.

These are the steps

#1

Attend all of your classes. It seems simple but many students end up failing due to falling behind.

#2

Stay on top of your readings and assignments. It's easier to keep up than catch up

#3

Explore your unique learning preference and use strategies that align

#4

Ask for help! Make the Grades have trained coaches to support you

Congratulations ! You have been accepted to post-secondary

We are here to help you succeed with proven strategies you can apply right away. Contact MaketheGrades.ca to connect with a personal academic coach or attend a transition workshop.
